Jones*, Gerald Kaforski, Paul McKinney, John Morse, Susan Neumayer, Jackie Richardson, Kristine Rogers, Linda Sims, Kelly C. Thompson, Shannon Tivitt*, Adewale Troutman, MD, MPH, MA, Shannon Turner, Bill Wagner, Councilwoman Vicki Welch, Lelan Woodmansee, Matt Zahn, MD*

Team: Health & Wellness

- Family Health Centers and Park DuValle Community Health Center (federally funded health centers in Louisville) have applied for competitive stimulus grants. \$500 million: Recovery Act funding to support new health center sites, increases in services at existing sites and spikes in uninsured populations. They are seeking \$1.24 million over two years to add eight staff members.
- Dr. Troutman has requested that his senior staff sit on other stimulus teams so public health has a voice on each of the teams to tie in with health projects.
- Team must be prudent, selective, and good stewards of the money we receive and inform the community of how the money is spent.
- Project suggestions this team would like to work on are: Electronic Health Records system, Immunization Registry working with Passport, Preventing healthcare-associated infections, Expansion of Services into other Counties, Support efforts to address the causes and conditions of poverty in communities, Expansion of Hospice Care into other Counties, and NIH Challenge.
- The Kentucky website is now available for viewing. It reveals a breakdown of all the different categories that the funding is coming into.
- Next meeting is scheduled for Thursday, April 2, 2009 at 3:00pm, 400 East Gray Street in the Forum.
